Price List: MILA8X_JUL23
Labor Efficiency: Restoration/Service/Remodel
Estimate: 23-2267-R

The following estimate is a scope intended to restore the home to pre-loss condition. Each item is intended to be performed once. If additional work is necessary to restore the home to pre-loss condition, then a supplemental estimate will be submitted to the insurance company. If additional work is requested by the home owner, then a change order will be submitted for the home owners consideration.

Masking may be necessary for dust control or for painting. Painters tape will be used on all finished or painted surfaces that need to be masked. In rare occasions this tape may damage the paint or finish of the surface it is adhered to. Typically this is caused by improper adhesion of the finish or the paint to it's surface. J & L Restoration is not responsible for any damage resulting from proper and necessary masking.

Matching is not guaranteed.

The price in this estimate is valid for 30 days.
