Direct Debit Program Application for USPS Postage Meter Reserve Accounts

Application or Change of Bank Information

Thank you for your interest in our Direct Debit program. Attached to this application is an authorization form which will need to be completed and returned in order to have USPS postage payments debited directly from your bank account. Upon receipt of your completed authorization, we will send a pre-note or a "test" debit in order to verify your account information. This process takes 24 to 48 hours to complete.

**To ensure payments are successfully processed you must provide your bank with
Francotyp Postalia's (FP Mailing Solutions) Authorized Debtor Reference Number 138-1716563**

Customer's may choose from two options:

RESET DEBIT – This form of debit is the quickest way to obtain postage. ***To instantly transfer funds from your checking account to your USPS postage account, all you need to do is reset your meter.*** There is no need to apply online in advance to have the funds transferred. As an example, if you reset your meter for \$300, as you reset the meter a transfer is initiated to withdraw \$300 from your checking account. This transfer can be performed 24 hours a day, 7 days a week, including holidays.

DEBIT ON DEMAND – This form of debit requires you to log in to your account through the FP Customer Portals online <https://www.fp-usa.com/customer-portals> to request a funds transfer from your designated bank account to your USPS postage meter reserve account prior to resetting your meter. This must be done for each debit transaction. Funds will be made available immediately upon confirmation of the request. Our website is available 7 days a week, 24 hours a day.

Please email your completed authorization form to postage@fp-usa.com

Questions regarding the status of your Direct Debit application or authorization form can be directed to our Customer Experience Team (800) 341-6052 or by email postage@fp-usa.com
