The Michigan Department of Treasury has implemented a three tier security process in allowing access to your confidential information on the web service, Michigan Treasury Online (MTO). A validation code for the above referenced business has been generated based on invalid answers to the security questions required to gain access to MTO. The validation code is automatically sent to the business' legal address to verify the authenticity of the user. Below are details regarding the attempted access:

Username:	TANKER1234
-----------	-------------------

Name of User:	Richard Tanke
---------------	----------------------

Phone:	5173378900
--------	-------------------

Email:	rtanke@harcpa.com
--------	--------------------------

Requested Access:	Sales Tax;Use Tax (Sales & Rentals);Withholding Tax
-------------------	----------------------------------------------------------------

If the business determines that this user should have the requested access, the validation code referenced below should be forwarded accordingly to complete the self-delegation process. The validation code is user and business specific. This validation code is useable for 30 days from the Notice Date. Please note that this validation code is case sensitive.

Validation Code:	qHFCeXFjTg
------------------	-------------------

Keep the validation code secure. If the account was accessed prior to receiving the validation code, disregard this notice. If you believe someone has accessed the business account improperly in MTO, you have the ability to remove them. Anyone with Manage registration Information access in MTO is able to view and/or remove users with access rights to the business account using "Manage Delegates" option. If you do not have an MTO profile, visit <https://mto.treasury.michigan.gov/> to sign up.
