Re: Special request for permit 274

Hello Cynthia.

This letter is in regards to the use of our company permit for PI 274. We are requesting permission to use "LLPS" in place of the actual permit number. I am attaching an example mail piece with the company logo included on the permit line for your review. Please contact me with any questions and/or concerns regarding these matters.

Thank you,

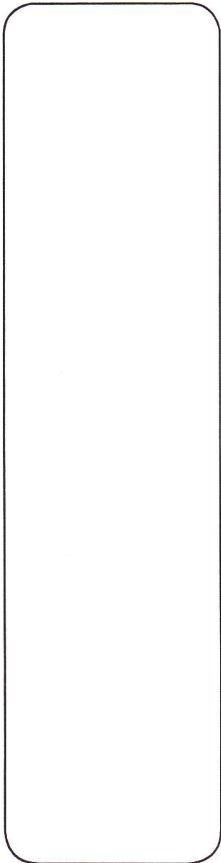

Michael Bishop  
Operations Manager
